2. Ever since the establishment of the Municipality in this town, the services of certain local Holeyas have been utilised in having the streets swept professional men not being available for the purpose. The work of these non-professional men has not been satisfactory They never used to be present on their duty at proper time and the Conservancy peon that superintends over their work had day after day to go to their houses and bring them by force in order to make them work. With all this, all the streets could not be swept even once a day by seven of them who are now employed and complaints were

in consequence, made by the people attempts to import professional men from the maidan parts seemed to have proved quite futile But on a reference made on the subject to the Vice-Presidents of the Municipalities of Gedehalli, Kadur and Shimoga in accordance with the Proceedings of the meeting of the Board held on 29th November 1902, 7 persons were sent from Shimoga on trial, they were found to give entire satisfaction in their work by sweeping all the streets clean and removing the sweepings outside the town by sunrise and by doing the same in the evening also.

It was brought to the notice of the Board that of the 10 Sweepers (3 on Rs 4 and 7 on Rs 3 each) Sanctioned by Government in the budget for this year, only 7 were

employed. The 7 persons that came from Shimoga demand pay at Rs 6 per man and Rs 4—8—0 per woman or boy. These being foreigners and having no other means of subsistence, the low pay that was being given to the local Holeya Sweepers would not be sufficient to maintain them in this Malnad and the rates they demand are, under the present circumstances, to be considered as nothing but low. The entire charge amounts to Rs 34 - 8 - 0 as detailed as follows:—

	Rs	As	Ps
2 men on Rs 6 each —	12	0	0
3 women — 4/8 —	13	8	0
2 boys — 4/8 —	9	0	0
Total	34	8	0

There is a provision of Rs 33 in the sanctioned budget under IV Conservancy "Sweepers" — (a) Establishment and the bal-

of Rs 1-8-0 is proposed to be met from the savings of Rs 9 effected under "Labrine Sweeper", one having been appointed on Rs 8 only per mensem.

Proposed by Messrs K. Hiriyannappa, Shanbhogue Venkatramaniah and S. Ramaswami Iyer, Hospital Assistant that the new Sweepers come from Shimoga may be confirmed in place of the local Holeya Sweepers, which was unanimously carried out.

Also proposed unanimously that a report be submitted for sanction by Government of the revision of scale proposed.

Resolved that a report be submitted to Government accordingly.
